Numark Party Mix Pro
Quick-Start Guide

serato DJ Pro

Setup

Serato Software

The Numark Party Mix Pro is a "Serato DJ Lite hardware unlocked" device, meaning it works with Serato DJ Lite out of the box.
It is also a "paid upgrade to Serato DJ Pro device", meaning it requires the purchase & activation of a Serato DJ Pro license, in order to be used with Serato DJ Pro.
You can also trial Serato DJ Pro, for up to 14-days.

Performance Pads

The Numark Party Mix Pro comes with 4 performance pads, that can be used across 4 different performance pad modes.
Repeatedly pressing the PAD MODE button will cycle through the available pad modes, lighting up that pad modes respective LED to indicate a selection. The last pad mode, PAD FX, will illuminate all 3 LED's to indicate it has been selected.

These consist of:
CUE mode: Pads 1-4 trigger Serato DJ Pro Cue points, and if no Cue point is present on that slot/pad, pressing that pad will set a Cue point.
LOOP mode: Pads 1-4 trigger triggers an autoloop of variable sizes. Use the loop selection area in the Serato DJ Pro user interface, to influence the 4 available autoloop sizes.
SAMPLER mode: Press pads 1-4 to trigger samples loaded into the Serato DJ Pro Sampler.
PAD FX mode: Press pads 1-4 to trigger FX via multi & single FX modes.

DJ-FX

The DJ-FX in Serato DJ Pro are powered by iZotope™. Click the FX button to open the FX panel. Select either 1, 2, or M to assign the selected effect bank to a deck or the master output.

There are two available modes with DJ-FX. Single FX Mode allows you to select one effect per FX bank, and has multiple parameters that can be adjusted. Multi FX Mode allows you to select up to three effects per FX bank, and adjust only one parameter, the FX Depth. The same effects available in Single FX mode are available in Multi FX mode, as well some additional presets.

You can select between the two FX modes by clicking either the Single FX mode button or Multi FX mode button

PARTY MIX PRO Control	Single FX mode	Multi FX mode
PAD 1	Hold & release for Effect On/Off	Hold & release for Slot 1 Effect On/Off
PAD 2	Toggle FX parameter 1	Hold & release for Slot 2 Effect On/Off
PAD 3	Toggle FX parameter 2	Hold & release for Slot 3 Effect On/Off
PAD 4	Cycle Beats multiplier	Cycle Beats multiplier

MIDI

The MIDI feature in Serato DJ Pro provides the ability to remap Serato DJ Pro software functions to your primary Serato controller, interface or mixer. You can also assign controls to a secondary MIDI controller to further enhance your performance.
For more information on MIDI mapping with Serato DJ Pro click here

To remap your supported Serato device, open the SETUP screen and click the MIDI tab. If your Serato device supports hardware remapping, it will show up in the MIDI Devices list at the top.

Select your connected device from the MIDI Devices list and make sure the "Allow Serato Hardware Remapping" option is checked.

☑ Allow Serato Hardware Remapping

Once checked, the MIDI assign button at the top of the screen will become available for you to start remapping.

You can save, edit or delete MIDI presets in the MIDI tab of the SETUP screen. Clicking 'Restore Defaults' will erase any custom mappings for all connected devices and revert their functions back to default.

Help
